

PORTABLE HYDRAULIC GENERATOR

What Is The Portable Hydraulic Generator

The **PROPRIETARY** Portable Hydraulic Generator (PHG) is a hydraulically driven, **PORTABLE** AC generator, that utilizes the “**Auxiliary Tool Circuit**” on a work truck or any other vehicle as the fuel source. Using the TCG provides **TREMENDOUS BENEFITS TO YOUR FLEET OR RENTAL YARD!**

Why Do I NEED The Portable Hydraulic Generator

The Portable Hydraulic Generator (PHG) eliminates a “Secondary” gas engine generator on-board every work truck. Advantages are its 50% lighter, 50% smaller, virtually maintenance free, has no bad fuel to deal with and produces no excessive noise!

Is It a Hassle To Switch From Gas To Hydraulic Generators

Absolutely not! The PHG is less of a hassle for you in the long run. Additional fuel, on-going maintenance, and theft with gas generators; now that's a hassle! Plus, with Harrison, getting your fleet equipped is easy. The Portable Hydraulic Generator only requires 6-8 GPM, like most hydraulically driven tools; plug and play simplicity.

Integration Into Your Existing Fleet

- Can be specified into new equipment, existing equipment or **RENTAL FLEETS**.
- Portable design means you can move it from truck to truck.
- There when you need it, out of the way when you don't.
- The PHG is competitive with gas generators, and easy to install.
- Save space, money, and weight, without sacrificing *simple, reliable, mobile AC power*.

PHG Advantages

- Can be checked out like any other hydraulic tool
- 50% smaller & lighter than gas generators
- Virtually maintenance free
- Has no gas emissions
- Less noise and vibration
- No bad fuel
- No messy exhaust
- Built in handle for easy transport

Specifications

- Rating: 4 kW
- Length: 19.53"
- Depth: 7.38"
- Height: 11.06"
- Weight: 55 lbs.
- 20 amp 120 Volt duplex outlet
- 30 amp 240 Volt Twist-Lock - NEMA L14-30
- 20 amp thermal breakers
- Analog voltmeter
- Flow: 6-8 gpm
- Max Pressure: 3,000 psi

Why Change, Why Harrison, Why Now

Uncompromising Quality; you depend on your tools and equipment to help you do the job right the first time, and enable you to keep your word. That's not something we take lightly. We let our product speak for itself; 45 years of continued business in the most demanding environments.
